Dear Parent / Guardian

Re: Progress Report

I am pleased to inform you that your child's progress report for the autumn term is available to view on Parent Portal.

The grades that you see on the report are the results of the common assessments which were completed at the end of the autumn term in each subject. This is a good reflection of the current grade that your child is achieving. The report also gives GCSE target grades for every subject studied and the progress that your child is making towards this grade.

For children in Year 10 and Year 11 who are completing a combined science course we have included a GCSE grade for their combined course, which will reflect what they would achieve in their GCSE examinations. Alongside this, we have included grades in each of the individual science subjects to provide clarity on the progress in each component.

If you have any queries relating to your child's report please contact your child's tutor in the first instance.

Yours sincerely

Mrs S Roach
Principal
