Dear Parents / Carers,

RE: Year 10 Options

I am writing to inform you about the year 10 options process for 2022/23. As your child progresses into year 10, they will continue to study English, mathematics, science, core PE and STEPS. In addition to this, your child will also have the opportunity to select 4 options subjects from a broad range of courses available. We ask that all pupils select at least one Ebacc subject (geography, history or Spanish) and then have free choice over their remaining 3 options.

We hope that the specialisms programme that your child has experienced throughout this year will have helped to affirm their decision and would expect that the majority of pupils will select to study the subjects that they have tried this year.

Your child will be able to select their options through the following link by **Friday 20<sup>th</sup> May**, using their school email address:

This process was explained to your child during a year group assembly this morning. To further support your child in making this decision, we have attached a curriculum pathways booklet, containing a brief summary of each course and directing pupils to the most suitable member of staff to discuss the course with. We would also encourage students to explore the course details found on our school website:

If you have any questions regarding the process, or would like some support in making this decision, please contact your child's College Leader via [office@worcs.tgacademy.org.uk](mailto:office@worcs.tgacademy.org.uk).

Yours sincerely,

Mr G. Davis
