

Wednesday 24th June 2026

Dear Parents/Carers,

Re: Hot Weather Guidance – further arrangements

I am writing to inform you of our decision to close school provision from 12:20pm (lunchtime) tomorrow – Thursday 25th June.

Whilst we have managed to maintain a safe environment and remain fully open for the past few days, limitations in ventilation due to conditions and increasing temperatures means that we will be unable to maintain this in all sections of our building tomorrow. While we have been able to manage this today and will be able to make adjustments to address this during morning lessons tomorrow, site capacity means this will not be possible tomorrow afternoon.

The safety and welfare of our pupils and staff are always our priority. Whilst we are committed to remaining open whenever possible, the current conditions mean we will be unable to do so safely across all year groups tomorrow afternoon.

We appreciate that this may cause some inconvenience, and we do not take this decision lightly. However, it reflects our responsibility to act in the best interests of everyone in our school community.

Unfortunately, this also means that our school show has had to be postponed for one week and will now take place next Wednesday 1st and Thursday 2nd July.

Please ensure your child comes to school prepared for their morning lessons, particularly with adequate hydration and sun protection, and please speak to them about the importance of staying safe when making their way home, particularly following local guidance around staying away from rivers and still water.

School will be open as normal on Monday and back in school uniform.

Thank you, as always, for your understanding and continued support.

Yours sincerely,

Mr D Butler
Principal
