

TGAW Newsletter

A warm welcome back to the new academic year. We have had a fantastic start across all year groups, and a special well done to our Year 7 students as they make the big step up to secondary school. The atmosphere around the school has been extremely positive, with a range of new enrichment opportunities available during the school day. From chess and darts to origami and tabletop wargaming, there really is something for everyone to enjoy and feel part of.

This year, we will be expanding our communication channels through a dedicated Facebook page. Please see more information about this in this week's newsletter. Information that was previously shared during Parent Journey meetings will now be delivered in smaller, bite-sized chunks for parents to read, watch, and listen to at a time that suits them.

Key Dates:

Friday 2nd October – TRUST inset day

Thursday 8th October – KS4 Tutor parents evening; Y11 information evening and Y10 works experience information

Thursday 15th October – KS3 Tutor parents evening

Tuesday 20th October – 6th Form open evening
