## 2011-2018

I studied A-Levels in English Language, Geography and Graphic Communication (B, A, A\*) at Sixth Form and then went on to Aston University to study Bsc in English Language, where I achieved a first class degree. I was captain of the Aston's netball Club first team in my second year and won coach's player in first my first year.

I am now living and working in Bath on an internship in the finance industry as a Wealth Management Assistant. I am planning on taking a degree/masters apprenticeship with the company in the next 6 months.
