

Catalina Roncal

2012-2019

My name is Catalina, and I studied A-Levels in psychology, media studies, English Language alongside Spanish at AS Level. I found all my subjects incredibly interesting, and thoroughly enjoyed the learning process with Tudor Sixth Form's amazing teachers who inspired me along the way.

I went on to study International Media and Communications with Italian at the University of Nottingham, achieving a first class bachelors degree whilst also starting up an online tutoring business as my side hustle!
