

Harrison Leaver

2015 -2021

Whilst at Tudor Grange Academy Sixth Form I studied A-Levels in Business Studies (A*), Physical Education (A*) and Music (A).

I decided to study abroad so I could continue developing my golf and was accepted at Ohio Dominican University in Columbus, Ohio. Funding for the USA is difficult as you cannot get student loans to study abroad, however I was fortunate enough to be offered an Academic Scholarship and Athletic Scholarship which has reduced my fees considerably. I wrote to all the universities that competed in the NCAA divisions and built up relationships with coaches that were interested in signing me up.

University life is a mixture of study and sport, as long as I keep my grades up I am allowed to compete on the golf team and travel Ohio and surrounding States to represent the university.

In the future, my dream and ambition is to play golf professionally, if this fails I may go down the music route.
