

Kelly Clark

2017- 2023

Whilst attending Tudor Grange Academy Sixth Form, I studied English Literature and Language, psychology, core maths and health and social care. I also took part in a lot of extra curriculum that was offered such as the EPQ and I was elected Well-Being and Diversity Officer on the Cabinet.

I am currently studying at the University of Manchester a degree in Global Social Challenges with a minor in Politics. Next year I am hoping to start an internship to get my foot into the door of politics.
