

## 1. High Quality Teaching

**SIP Priority 3: Disadvantaged boys do not make progress in line with their peers.**

This will be achieved through specific focus on our Quality First Teaching framework:

- Responsive teaching: establishing a culture of regular marking, planned assessment and precise feedback.
  - All teachers will demonstrate fidelity to the expectations of the academy policy.
  - Low stakes assessments that are well planned and provide opportunities to check students learning.
  - Teacher feedback that is precise and promotes progress or independent learning.
- Improving outcomes for all learners by ensuring that students read confidently, frequently and fluently.
  - Planned opportunities for students to access rich and diverse texts, allowing opportunities for students to read and achieve fluency.
  - Students reading more frequently.
  - Interventions for students whose reading ages are below secondary age are well attended, tracked, and measured for impact.
