

### Work Experience Opportunities

Severn Rivers Trust is an independent environmental charity established in 2008 to protect and enhance the river Severn, its tributaries and streams.

Our mission is a healthy, resilient River Severn for everyone, and we strive to achieve this by delivering ambitious programmes of work across the following strategic themes; restoring our rivers, recovering our land and empowering our communities.

We are passionate about providing opportunities for young people and are therefore, pleased to offer a limited number of work experience placements for students aged 16-18 years old for 2025.

Students will have the opportunity to work with our knowledgeable team of river experts to gain valuable insight into the various roles in the river conservation industry. This role would suit anyone interested in a career in conservation, ecology or community engagement. Activities may include but are not limited to:

- Supporting our team with different surveying opportunities, including e-fishing, soil sampling, habitat mapping and monitoring.
- Working with river experts to assess and map opportunities for natural flood management and habitat improvement.
- Contributing to our citizen science water quality projects, including water sampling and data input and analysis.
- Assisting with our community outreach, including family engagement and school visits.

Due to the nature of our work, we cannot guarantee which activities each placement will participate in but are committed to providing a varied and enriching experience for each student. Please note that most activities are conducted outside in all weathers.

Students will be based at our Martley Office (WR6 6QF) with regular site visits to the surrounding area. Students will need to have their own transport or means of travelling to the office with the Severn Rivers Trust team arranging onward travel to each site. Placements are available between April and July 2025, Monday to Friday. Please indicate your preferred dates when enquiring.

To apply, please complete an application form and return to [volunteering@severnriverstrust.com](mailto:volunteering@severnriverstrust.com)

For emails enquiries: [Becky.Titchard@severnriverstrust.com](mailto:Becky.Titchard@severnriverstrust.com)
